

# Markus Pridöhl

*Evonik Degussa GmbH*

1984-1990 Diploma in chemistry, TU Berlin  
1991-1994 PhD on sulfur selenium polymers, TU Berlin.  
1991-1995 Teaching assistant, TU Berlin  
1995 Head of quality control ceramic colors, Cerdec AG, Frankfurt.  
1996 Degussa AG, trainee on Carbon Black production site DGW, Dortmund.  
1998 R&D manager Carbon Black, Cologne.  
2000 R&D manager Project House Nanomaterials, Degussa, Hanau.  
2002 Senior Manager R&D, financial controlling, Project House Nanomaterials, Degussa  
2004 Head R&D and member of the management team of the internal start-up Advanced Nanomaterials, Degussa AG, Hanau.  
6/2005 Coordinator and spokesman Nanotechnology, Evonik

## **Current external memberships/functions in nanotechnology**

Chair DECHEMA/VCI\* working group "Responsible Production and Use of Nanomaterials"  
Head of German's ISO delegation on nanotechnology  
VCI\* Group on Communication of Nanotechnology  
VCI\* Coordination Group Nanotechnology  
Germany's federal stakeholder project Nano Dialogue  
OECD's Working Party on Manufactured Nanomaterials  
Advisory Board NanoCare  
Speaker on several international conferences and workshops  
\*VCI: German Chemical Industry Association
