

20th ESPD Annual Meeting

12 – 14 May 2021
VIRTUAL

Dr. Isabel Colmenero

Dr Colmenero is the Head of Paediatric Histopathology at the Hospital Niño Jesús, the leading children's hospital in Madrid.

Since 2006 she took over the role of Clinical Lead for Dermatopathology, developing her academic and scientific interest in skin disorders of children, particularly vascular anomalies, autoinflammatory skin disorders, cutaneous mosaicisms, and mastocytosis. Together with the Paediatric Dermatology team at Hospital Niño Jesús, she has co-authored many scientific papers on pediatric skin disorders, including the description of new genetic mechanisms of disease and new clinicopathological entities.

She has been a long-serving member of the Pediatric and Developmental Pathology journal editorial board. She has recently joined the editorial board of Pediatric Dermatology and is a regular referee for many international journals on dermatopathology. She is a frequent invited speaker to paediatric pathology and dermatopathology international meetings worldwide and has been the organizer of many courses and seminars.

Dr Colmenero is an active member of many international scientific societies. She is the Chair of the Working Group of Paediatric and Perinatal Pathology of the European Society of Pathology since 2018 and the Elected President of the International Paediatric Pathology Association since 2021.

Dr Colmenero is a founder member of the Spanish Society of Vascular Anomalies. She set up and is currently the Chair of the National Panel of Pathologists for Vascular Anomalies, delivering expert opinions for complex cases in Spain and other European Countries.
