Regular abstract submission is now closed. We would like to thank all the authors for their contributions – with 999 submissions from some 77 countries.

IACAPAP 2018 Congress is promising to stand up to being truly international!

The results of the review process will be communicated to authors during the month of February – all authors are then requested to confirm their attendance by registering before the Early registration deadline – 21 March 2018!

| **Chris Wilkes**, University of Calgary, Canada  
Legalization and Regulation of Cannabis/Marijuana |
Take Action – Adopt a Delegate

Applications are now closed for the new initiative; with some 150 international applicants listed, the review process is due to be finalised once the abstract review process concludes. To enable the congress organisers to bring as many participants from underserved areas of the world, let’s join the forces to support this project! Delegates can support other delegates by donating a preferred amount (minimum of 50 EUR) during their own online registration process. Recognition of supporters is to be assured via congress website and printed program brochure.

Key Features of the Program

1. Delegates from Lower and Middle Income Countries (LMIC) can be “adopted” by fellow colleagues or companies/sponsors.
2. The adoption of a delegate from a LMIC country (through sponsorship) will provide the delegate with the opportunity to attend the IACAPAP 2018 Congress.
3. Adopted delegates will have the opportunity to present details of their local situation at the congress, thereby creating awareness which in turn could induce assistance from their sponsors and high income country peers.

Be a Volunteer

Get involved! Student volunteer opportunities to open for this year’s congress for a limited number of positions. This is a great opportunity to meet and network with international academics, researchers, and practitioners. You will be provided a t-shirt and a certificate of recognition for your resume, and you will receive refreshments while volunteering. Best of all, you will receive free registration if you volunteer for a minimum of three days.

Stay tuned, applications to open mid-February!

Continuing Medical Education

Continuing Professional Development (CME-CPD)

IACAPAP 2018 will apply for European accreditation through the EACCME (the European Accreditation Council for CME) based in Brussels. The EACCME is an institution of the European Union of Medical Specialists (UEMS) for mutual recognition of accreditation of EU-wide and international CME-CPD activities for live educational events.
Important Dates

Register Early to Save

Register before 21 March 2018 to save up to 90 EUR. Online registration is available including accommodation booking in various categories, with options ranging from as little as 13 EUR/night (student dormitory).
